IN REMEMBRANCE

GEORGE GOODALE, veteran publicist of the California Angels, passed away in May of 1990 of cardiac arrest. He was 83.

Goodale's baseball career began in 1927 when he covered the Tulsa Oilers of the Texas League for the Tulsa World. It was there he met Gene Autry, then a telegrapher for the Frisco Railroad and a prominent semi-pro ballplayer after working hours.

Nicknamed "The Chief" because of his Cherokee heritage, Goodale was reunited with the future Chairman of the Board of the Angels in Hollywood in 1935. He served as Autry's first publicity man in Hollywood.

Goodale volunteered for the service in 1942, serving in the Air Force until 1946. His last assignment there was as a statistician and publicity director for the Air Force Football League, which then had about half the players of the National Football League and most of the top college stars of the day.

Following his tour of duty, Goodale joined the Los Angeles Angels of the Pacific Coast League in the spring of 1946 and stayed until 1957. He remained in the Los Angeles area until the arrival of the Los Angeles Angels in 1961.

Considered by many as one of baseball's top statisticians, Goodale served the Angels in the capacity of Publicity Director and Special Statistics and Events.

He is survived by his daughter Georgia of New York, N.Y.

DID YOU KNOW. . .that on Oct. 1, 1970, Alex Johnson became the first and only Angel ever to win an American League batting title as he edged Boston's Carl Yastrzemski, .3289 to .3286. Faced with the task of collecting two hits in no more than three at-bats vs. Chicago, Johnson complicated the assignment by grounding out his first time up. However, he singled in his next two trips, the final effort to deep third base.

*DID YOU KNOW. . .*that on Sept. 17, 1967 in a 3-2 loss to the Angels in Anaheim, a young Oakland A's rookie hit his first home run to right field to leadoff the second inning. Angels hurler Jim Weaver surrendered the blast to Reggie Jackson. Seventeen years later to the day, again in Anaheim Stadium, Jackson registered career home run No. 500 off Kansas City's Bud Black to open the seventh inning of a 10-1 loss.

*DID YOU KNOW. . .*that in 1989 Devon White became the first Angel in club history to hit for the quadruple-double (double figures in doubles, triples, home runs and stolen bases). White totaled 18 doubles, 13 triples, 12 home runs and 44 stolen bases. Interestingly, the player who comes closest to White in team history was first base coach Bobby Knoop, who had 18 doubles, 11 triples, and 17 home runs in 1966 but stole only one base in six attempts. Knoop finished his nine-year career with just 29 triples (3.2 per season).

WIN STREAK: 6, April 25-30 **LOSE STREAK:** 5, July 25-30

DID YOU KNOW . . . that Nolan Ryan established an American League record by striking out eight consecutive Boston Red Sox batters, July 9, 1972 (2 in first inning, 3 in second and 3 in third innings) Ryan finished with 16 strikeouts overall and only one walk in the complete-game, one-hit, 3-0 win Carl Yastrzemski recorded the only hit in the first inning while the walk was to lead-off man Tommy Harper Ryan struck out the side in the second on nine pitches. Only three other times in A.L. history has a pitcher fanned eight consecutive batters, with Ryan again one of those, July 15, 1973.

DID YOU KNOW. . .that on Aug. 6, 1961, in a pinch-hit role, rookie catcher Tom Satriano recorded the first home run - and hit - of his career off Baltimore's Dick Hall, only to see the feat washed away by rain. Satriano had to wait six more days before he was able to record his first hit as a major leaguer and that, too, was a home run off Minnesota's Jim "Mudcat" Grant.

ANAHEIM STADIUM

DESIGN — Three-level structure **SEATING CAPACITY** — 64,593 **PARKING FACILITIES** — Approximately 15,000 automobiles **STADIUM AREA** — 140 acres **FOUL LINES** — 333 feet **BULLPENS** — 362 **LEFT AND RIGHT FIELDS** — 370 feet **CENTER FIELD** — 404 feet **OUTFIELD FENCE HEIGHT** — 8 feet

Anaheim Stadium was built with "Convenience, Comfort and Courtesy," in mind. Narrow foul territory areas and quickly rising decks keep spectators on top of the action. Gradually inclined ramps and escalators, wide aisles and siestas and helpful ushers make entrance and exiting as uncomplicated as possible.

Three surrounding freeways, 26 entrance lanes from three streets and 28 exit lanes with wide adjacent surface streets make Anaheim Stadium one of the most accessible in baseball. Completion of the Orange "57" Freeway accounted for significant improvement as did the Santa Ana Freeway overpass on State College Boulevard, completed in 1977.

Major stadium tenants include the Angels and the Rams. Both the Angels and Rams have signed 35-year contracts through 2001 and 2015, respectively.

Anaheim Stadium was completed in 1966 by the Del E. Webb Company after an August 31, 1964 groundbreaking at a cost of $24 million, including the giant A-frame scoreboard which rises 230 feet. The board was the source of the stadium's nickname — "The Big A."

The Big-A board has been preserved and moved to the edge of the parking lot adjacent to the Orange Freeway behind the right field area.

Anaheim Stadium underwent construction in 1979 for additional seating to accommodate the Rams. The facility, now completely enclosed, seats 64,593 for baseball and more than 70,000 for football. The seating capacity prior to construction was 43,250.

A total of 108 executive style boxes, ranging in price from $24,000 to $80,000, were added to surround the rear of the Club Level. In addition to the Stadium Club, there are two other private dining areas designed for groups —the Stadium Pavilion and the Football Press Box.

The Football Press Box is located on the View Level while the Baseball Press Box is on the Club Level.

ATTENDANCE

For the ninth consecutive season, and 11th time in the last 12 years, California topped the two million mark in home attendance with a final 1990 figure of 2,555,688, an average of 31,552 per game.

At the same time, the Angels established a club record in road attendance with a final figure of 2,042,315, an average of 25,214 fans per date. The combined attendance of 4,598,003 was third only to the 1989 finish of 4,618,074 and the 1982 finish of 4,705,020.

California played in front of five crowds of 50,000-or-more at home (1-4) and 40,000-or-more six times (2-4). The smallest crowd of the season was 21,379, Sept. 10 against Minnesota while the largest was 52,774, Aug. 4 vs. Oakland. The Angels played in front of five crowds of 50,000-or-more at home (1-4) and finished 2-4 when crowds of 40,000-or-more were in attendance. In 1989 when playing in front of crowds of 40,000-or-more at home, the club posted an 11-4 record.

California has attracted a home attendance of 29,491,342 fans during the past 12 seasons, an average of 2,457,118, tops in the American League.

The Angels established their single-game home attendance figure when 64,406 witnessed Game 1 of the 1982 ALCS against Milwaukee, Oct. 5.

During the ensuing 1983 campaign, the top two regular season crowds in club history were set when 63,132 watched the Angels host Kansas City, July 4 and 63,073 viewed the April 23 game against Baltimore.

DID YOU KNOW. . .that Earl Wilson of the Boston Red Sox no-hit the Angels, June 26, 1962, beating Bo Belinsky, 2-0. The event made Belinsky the fifth pitcher in modern times (since 1900) to be on both ends of a no-hitter the same season (May 5 vs. Baltimore). Ironically, the same crew of umpires worked Wilson's classic as Belinsky's, and in the same order: Harry Schwarts (First Base), Charlie Berry (Home Plate), Jim Honochick (Second Base) and Al Smith (Third Base).

*DID YOU KNOW. . .*that Nolan Ryan established an American League record by striking out eight consecutive Boston Red Sox batters, July 9, 1972 (2 in first inning, 3 in second and 3 in third innings) Ryan finished with 16 strikeouts overall and only one walk in the complete-game, one-hit, 3-0 win. Carl Yastrzemski recorded the only hit in the first inning while the walk was to lead-off man Tommy Harper. Ryan struck out the side in the second on nine pitches. Only three other times in A.L. history has a pitcher fanned eight consecutive batters, with Ryan again one of those, July 15, 1973.

SPRING TRAINING

Gene Autry Park was officially dedicated March 1, 1984. The three-diamond complex in Mesa, AZ serves as the spring home of the California Angels, and later for the club's minor league affiliates. In addition, the Angels Arizona Instructional League entry plays its home games at Gene Autry Park as well as the Mesa Angels, California's entry in the Arizona State League (Rookie).

California is the only major league team to have two spring training sites. The Angels remain headquartered in the Mesa area through the early portion of Cactus League play (California has 14 games scheduled in Arizona) before switching sites to Palm Springs, CA and the start of a 12–game schedule at Angels Stadium.

The Angels' varsity is scheduled to open camp when pitchers and catchers report February 21. The team remains in Arizona through March 21.

Since the inception of the organization in 1961, California has played at Angels Stadium in Palm Springs. The facility was formerly called the Polo Grounds until switching to its current name in 1964.

On December 19, 1965, the Angels signed an agreement to hold spring training in Holtville, CA, located approximately 10 miles east of El Centro. The club annually spent 10 days to two weeks at the newly built four–diamond complex from 1966 through 1979 before returning on a full–time basis to Palm Springs in 1980.

In 1982 and 1983, California divided spring headquarters between Casa Grande, AZ and Palm Springs.

The Angels defeated the Chicago Cubs, 8–3, in the club's first exhibition game on March 11, 1961 at the Polo Grounds.

ITEMS OF INTEREST

PLAYER LIMITS: 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40. The minimum number of active players maintained by each club throughout the championship season shall be 25.

TRADING REGULATIONS: The trading deadline is July 31.
Trades may be made with any other major league club in the period from the end of the championship season through July 31 (5:00 pm EDT) without waivers. Waivers are required, however:

1. If the assignment is to another major league club: From August 1 and ending at 5 pm EDT the day after the end of the season.
2. If assignment is to a minor league club, with right of recall, at any time after 3 years from the date the player first reported to a major league club during a championship season.
3. If assigned to a minor league club without right of recall, after acquiring 3 years service: At any time during the year.
4. If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. If player is claimed, request may be withdrawn. If no claims are made, club has 7-day period in which to make assignment to minor leagues.

WAIVERS: The 1985 collective bargaining agreement brought about changes in the waivers process. Following is information on the new waiver agreements.

SUBSTANTIVE

- The "trading deadline" is now *July 31*. Waivers are required for any inter-or intra-Major League assignment during the period beginning August 1 and ending at 5 pm ET the day after the end of the season. During the other ten months of the year no waivers are needed.
- It will be easier to compute which players need waivers before they may be optioned: if three years (less one for each previously spent on option) have elapsed since the player actually reported to the Major Leagues for the first time, waivers are required. The date of actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.
- The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31: during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required:
  The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 pm ET the seventh day after the waivers were secured.
- Seventy-two hour waivers, secured on players recalled not to report, continue unaffected except insofar as they no longer suffice for an outright assignment to the National Association during those times in the year when special waivers are required.

PROCEDURAL

- Waiver requests deadline is now 2:00 pm Eastern Time.
- Claiming period is now *three business days* for all waiver requests, including "special waivers" and waivers for the purpose of unconditional release.
- AL Only and NL Only waivers have been abolished.
- In the event of claims, withdrawals period is *two* bushiness days.
- A club may withdraw once *per waiver period* on any one player.
- New waiver periods:
  November 11-30th day of season
  31st day of season-July 31
  August 1-November 10
- "Special waivers" and waivers for the purpose of unconditional release may both be requested during the closed period. October 10-November 10.
- Waiver price for selected and draft-excluded players is now $25,000, and may be set by agreement ($20,000 minimum) in all other waiver assignments. Rules on priority of claim are unchanged.
- Closed period on selected and draft-excluded players now runs from October 10 through the 25th day before Opening Day, and no assignments may be made pursuant to such waivers until 15 days before Opening Day. "Dates to Remember", from the league offices, will specify the correct dates each year.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:
Six years of Major League Service continues to be required to be eligible for free agency.
The Re-Entry Draft has been abolished.
A player has 15 days from the first day following the World Series to file for free agency.
By December 7, former club must offer to arbitrate *or* becomes ineligible to sign player. By December 19, player must accept offer *or* on January 9 former club becomes ineligible to sign the player. (Ineligible club regains eligibility the following May 1).
If club and player proceed to arbitration, maximum salary cut rules do not apply.
Player who accepts former club's offer to arbitrate is not subject to repeater rights limitations.

SALARY ARBITRATION:
Beginning in 1987, three years Major League Service required for eligibility.
Beginning in 1987, maximum cut rules do not apply if in immediately preceding year player won arbitration increase of over 50%.
Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League Service no more than one annual service group higher than player who is arbitrating.

FREE AGENT DRAFT RULE (AMATEUR DRAFT) — REVISED FOR 1987: One selection meeting shall be conducted a year in June to be known as the "Summer Meeting".

Major League Clubs shall select in reverse order of their league standing at the close of the preceding season (determined by the percentage of games it won). No club may transfer to another club its right to select.

A selected player shall be placed on a club's Negotiation List and shall remain, thereon until the start of the Closed Period (The seven days preceding the Summer Meeting) of the next selection meeting, unless at an earlier date he (1) signs a contract (2) is removed because he was not eligible for selection (3)becomes a College Player by entering or returning to college.

A club may not transfer its Negotiation Right to any other club.

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or any part of it, or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than 5 innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:
Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
- (1) A curfew imposed by law;
- (2) A time limit permissible under league rules;
- (3) Light failure or malfunction of a mechanical field device under the control of the home club. (Mechanical field device shall include automatic tarpaulin or water removal equipment):
- (4) Darkness because of any law, the lights may not be turned on.
- (5) Weather, if the game is called while an inning is in progress and before it is completed, and one of the following situations prevails:
  - (i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
  - (ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.

(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12(a)(3) or (4) shall be a suspended game at any time after it starts.

(c) By amending NOTE to read as follows:
NOTE: Weather and similar conditions —4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be suspended game. A game can only be considered a suspended game if stopped for any of the five (5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12(a)(5)(i) prevails) is a tie game and must be replayed in its entirety.

(c) A suspended game shall be resumed and completed as follows:
(1) Immediately preceding the next single game between the two clubs on the same grounds;

or

(2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or

(3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the ground of the opposing club, if possible;

(i) Immediately preceding the next scheduled single game, or
(ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.

(4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.

(d) A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he had been removed from the lineup before the game was suspended.

4.11(d)
A called game ends at the moment the umpire terminates play. EXCEPTION: If the game is called while an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations.

(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.
(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.

DISABLED LISTS: REGULAR DISABLED LIST: The 21 and 30 day lists have been eliminated. The 15 day list may be used for as many players as needed, with the same recertification procedure as in the past. EMERGENCY DISABLED LIST: Maximum number of players on list at one time-no limit. Minimum period of inactivity-sixty (60) calender days. Players placed on this list after August 1st shall remain there for the balance of the season.

Day 1 is *following* player's last game appearance.
Reinstatements may be made beginning Day 16, 22, 31, or 61 repetitively; after minimum period has expired player at any time (except in certain "Emergency" cases . . . see above).

AMERICAN LEAGUE CURFEWS: No inning of an American game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the finals series of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

ITEMS of INTEREST continued

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (the equivalent of 3.1 appearances for each of the 162 scheduled games). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:

(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;
(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;
(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. EXCEPTION: If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine;take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction).

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assist and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:

(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
  (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
  (b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
  (c) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner who in turn becomes the designated hitter, while still in the the game, may be used defensively by the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter an then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a Designated Hitter on his first time at bat. On subsequent trips to the pate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without th errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now runs, scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against in the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

MAJOR LEAGUE SERVICE:
is credited for each day the player appears on an active roster or major league disabled list or suspended list.
in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.
in the case of a major league player who is traded and reports in the normal course, service is not interrupted.
in the case of a player sent down to the minor leagues, is credited through the date of the assignment.
in the case of a player who is unconditionally released, is credited through the date waivers were requested.
in the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
for a player who appears on his club's opening day roster, is credited as the earliest scheduled opener, without regard to the actual opening date of his own club.
is credited at the rate of 172 days per "year", though the season is actually 182 days long.
is not credited during any period or periods of optional assignment totaling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

PLAYING RULES:
Spectator Interference—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

Time—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

Batted Balls Fair or Foul—if fair, umpire points to fair territory-if foul he raises arms overhead (as in "Time"above) and then turns and points to foul territory, and vocally calls "foul".

ANGELS ORIGINAL PLAYER DRAFT

The Angels drafted a total of 28 players from the existing American League clubs on December 14, 1960. Owners of the new Los Angeles and Washington clubs as well as their recently appointed front office and field bosses — General Manager Fred Haney and Manager Bill Rigney of the Angels and General Manager Ed Doherty and Manager Mickey Vernon of the Senators — attended the session held in the league offices.

A price of $75,000 was set on the players to be picked and both of the new clubs were required to select 28. The players were picked by categories, starting with pitchers, then catchers, infielders and outfielders. A toss of the coin determined which club had first choice in each group, and then they alternated. Haney won the toss for three positions — all but for outfielders.

Besides the 28 regular selections by both clubs, Los Angeles bought two players from the special minor league pool at $25,000 apiece and Washington grabbed three. Thus, the Angels paid $2,150,000 for their 30 players and the Senators shelled out $2,175,000 for their 31 in the unprecedented distribution.

Following is the order in which the Angels players were selected:

1. Eli Grba, p, NY

Note: Following the selections, Wilson notified the Angels and Cleveland that he intended to retire from the game. As a result, his selection was canceled several weeks later and the Indians sent pitcher Ted Bowsfield to the Angels as a replacement.

CALIFORNIA ANGELS HALL OF FAME

Bobby Grich, Jim Fregosi and Don Baylor were the first three inductees into the California Angels Hall of Fame.

Grich, who retired following the American League Championship Series against Boston in 1986, was inducted Feb. 3, 1988. He is one of only two Angels (Brian Downing being the other) to participate in each of the club's three Western Division titles.

Grich officially became an Angel, Nov. 24, 1976. The native of Muskegon, MI concluded his Angels career including a .269 average in 1,222 games including 154 home runs and 557 RBI. During his career, Grich compiled the following overall numbers: .266 average, 2,008 games, 6,890 at-bats, 1,033 runs, 1,833 hits, 224 home runs and 864 RBI.

Bobby Grich

One of California's most popular players, Grich became only the second player in club history to play 1,000 games-or-more (1,098) at one position, joining Fregosi who totaled 1,367 appearances at shortstop. Grich's .997 fielding percentage in 1985 established a major league record for second basemen.

On the date of his induction, Grich ranked among the top three on several Angels' all-time lists, including games, at-bats, runs, home runs, runs batted in, extra-base hits (third - 357), hits (third - 1,103), doubles (third - 183) and total bases (third - 1,788).

In 1981, Grich recorded a career-high .304 average and tied Dwight Evans, Tony Armas and Eddie Murray for the A.L. home run derby (22 each). The feat made him the first second baseman to lead the league in home runs since Nap Lajoie of Philadelphia totaled 14 in 1901. He also became the first A.L. second baseman to lead in slugging since George Stirnweiss with the Yankees in 1945 (.476). During the '81 campaign, Grich compiled a career-best 21-game hitting streak (May 21-Aug. 19), the second longest in club-annals.

In 1980, Grich was co-winner of the Owner's Trophy, symbolic of the club's Most Valuable Player as selected by the players.

Fregosi, a six-time Angel All-Star, was inducted May 17, 1989. He appeared with the Angels from 1961-71 as a player and then managed the club from June 1, 1978 through May 28, 1981. Fregosi guided the club to an 87-75 finish in 1978 and a second-place tie prior to the memorable 1979 season when the Angels captured their first-ever Western Division title at 88-74. For his efforts, Fregosi was runner-up in balloting by the Associated Press for A.L. Manager of the Year. He finished with a 237-248 record managing the Angels (.489).

Jim Fregosi

As a player, Fregosi's career spanned 18 major league seasons during which he registered a .265 lifetime average. He was originally acquired by the Angels Dec. 14, 1960 in the expansion draft from the Boston Red Sox.

Fregosi was voted the Angels Owner's Trophy three times, and was a Gold Glove recipient in 1964.

At the time of his induction, Fregosi led on California's all-time lists in the following categories: games (1,429), at-bats (5,244), hits (1,408) and triples (70). In addition, he also ranked second in runs (691), doubles (219), extra-base hits (404) and total bases (2,112).

Baylor, the only Angel to win the American League Most Valuable

Player Award in 1979, was inducted on May 26, 1990. He appeared with the Angels from 1977-82. He was a member of the Angels first two Western Division Championship teams in 1979 and 1982. During his '79 MVP season, Baylor compiled a .296 average with 36 home runs and a league-leading 139 RBI. He also led the league in games played (162) and runs scored (120). His marks in games played, runs scored, RBI and total bases (333) that season are also club single-season records. In the '82 American League Championship Series, he hit .294 with a grand slam and series-high 10 RBI.

Baylor's career spanned 19 major league seasons during which he registered a .260 lifetime average and 338 home runs. He was originally acquired by the Angels Nov. 16, 1976 as a free agent. With the Angels, he averaged 23 home runs and 87 RBI, while batting .262 in his six seasons.

Don Baylor

Baylor was voted the Owner's Trophy, symbolic of the Angels MVP twice (1978 & 1979) and earned All-Star recognition as an outfielder in '79.

Upon his induction, Baylor ranked on California's All-Time list in the following categories: third in home runs (141), fourth in at-bats (3,105), runs (481), RBI (523) and total bases (1,390). In addition, he also ranked fifth in extra base hits (288), hits (813), doubles (140, tied with Rod Carew) and stolen bases (89).

ANGELS TO INDUCT CAREW

Rod Carew, who became the 16th player in major league history to collect 3,000 hits (Aug. 4, 1985 vs. Minnesota), has been selected as the next inductee into the California Angels Hall of Fame. Official induction ceremonies will take place prior to the Minnesota-California game at Anaheim Stadium, Aug. 6.

Carew, 45, appeared with the Angels from 1979-85. He was a member of California's first two Western Division Championship teams in 1979 and 1982. His finest season was 1983, when he established a club record for batting average at .339.

Carew's career spanned 19 major league seasons, the first 12 with Minnesota. He won seven batting titles (1969, 1972-75, 1977-78) and the American League Most Valuable Player Award in 1977, when he hit .388 with 239 hits and 128 runs scored. He was also named "Rookie of the Year" by the BBWAA in 1967 and selected to the A. L. All-Star team 18 times (1967-84). Carew is the only Angel to start in five Mid-Summer Classic's. Originally acquired by the Angels from Minnesota, Feb. 3, 1979, in exchange for Paul Hartzell, Brad Haven, Ken Landreaux and Dave Engle, he batted a club record .314 in his seven seasons.

On baseball's All-Time lists, Carew ranks 38th in average (.328), tied for 33rd in games (2,469), 31st in at-bats (9,315), 13th in hits (3,053) and sixth in singles (2,404). On California's All-Time list, Carew ranks seventh in games (834), fifth in at-bats (3,080), fifth in runs (474), fourth in hits (968), tied for fifth in doubles (140), tied for seventh in triples (22), 10th in RBI (282), ninth in extra base hits (180), sixth in total bases (1,206) and eighth in stolen bases (72). His 179 hits in 1980 ranks sixth best in club history. He is also the only Angels player to have his uniform number retired by the club (#29 in 1986).

Carew becomes the fourth Angels Hall of Fame inductee. Bobby Grich, the initial selection, was inducted Feb. 3, 1988, Jim Fregosi was next, May 17, 1989, followed by Don Baylor, May 26, 1990. Carew will also be inducted into the Baseball Hall of Fame in Cooperstown, New York on July 21.
